PROFILE SUMMARY

Electronics and Communication Engineering student with a keen interest in coding, web development, and embedded systems. Passionate about integrating hardware and software for real-world applications, continuously enhancing technical skills. Interested in contributing to challenging projects and gaining hands-on experience in the field.

ACADEMIC QUALIFICATION

NSS College of Engineering, BTech in Electronics and Communication	2022 – 2026
• CGPA: 8.2/10.00	
VMHSS, Vadavannur, Plus two	2020 – 2022
• Percentage: 97.25	

INTERNSHIP

Acutro Technologies Pvt. Ltd, Thiruvananthapuram	June 2024
• Familiarized with the concepts of IoT and Robotics. Developed a Python-based voice chatbot using OpenCV. Gained experience in microcontroller programming using embedded C.	

PROJECTS

Smart Sleep Pad - Mini Project	Mar 2025 
• Designed and implemented a smart pad to monitor sleep quality using FSRs , MAX30102 and MPU6050 , with real-time data transfer to a web app via ESP32 and MQTT . Integrated features include heart rate monitoring, body movement tracking, sleep cycle analysis, vibration-based alarms, and Firestore storage.	
Movie Finder Web App - Activity Project	June 2025 
• Designed and developed a movie exploration web app using React.js and Tailwind CSS that allows users to search for movies and view detailed information such as posters, ratings, trailers, availability of streaming platforms and release year. The search functionality was implemented by integrating The Movie Database (TMDB) API directly into the application logic.	
Line Following Robot - Course Project	July 2024 
• Designed and implemented an autonomous robot that follows black lines on a surface leveraging IR sensors and motor drivers , all controlled through an Arduino UNO . The system integrates DC motors to enable smooth and responsive movement based on sensor input.	

TECHNICAL SKILLS

Languages: Python, C, C++	Frontend: React.js, HTML, TailwindCSS, Javascript
Simulation and Design: CST Studio, Proteus, LTspice	Tools: Github, Google Colab, Visual Studio Code

ACHIEVEMENTS

- 3rd position in the **IEEE ideathon** jointly organized by **KSCSTE** and **IIT Palakkad**
- Selected among the top 10 teams nationally for the Development Phase of the **IEEE MYOSA 2.0** Innovation Challenge by **IEEE Sensors Council**.
- Participated in Startup Bootcamp of Kerala Startup Mission, **APJAKTU**, July 2024

CERTIFICATIONS

- Introduction to Programming in C, IIT Kanpur, Jan-Mar 2023
- The Joy of Computing using Python, IIT Madras, Jan-Apr 2024
- Career Essentials in Generative AI, Microsoft & LinkedIn, Aug 2024
- Communication Skills, TCS iON, June 2025
- Project Management Fundamentals. IBM Skillbuild, July 2025

POSITIONS OF RESPONSIBILITY

• Event Coordinator - ECE Students Association, ELACSTA, NSSCE	Present
